and 0907ST09
Architecture**

Dear Mr. Yoshioka:

**SUBJECT: Section 106 (NHPA) Consultation
Honolulu High-Capacity Transit Corridor Project
Historic Effects Determination Report
Island of O'ahu
TMK: (1) (various)**

This is in regards to your transmittal, dated June 22, 2009 which responds to SHPD's letter (Log No 2009.1900, Doc No 0905ST08). As discussed with your staff, we requested and received an extension of our 30-day comment period.

We acknowledge that the following do not require additional consultation:

- Boulevard Saimin – the building does not retain historic integrity;
- Solmirin House – already demolished; and
- Radford High School – part of the Moanalua Alternative that was not chosen.
- Aiea (Honolulu Plantation) Cemetery

We request further consultation for the following regarding an "adverse effect" determination, including an assessment of cumulative effects:

- Pearl Harbor National Historic Landmark (NHL) and World War II Valor in the Pacific National Monument;
- CINCPAC Headquarters NHL;
- Tong Fat Wood Tenement Buildings;
- Aloha Tower;
- Walker Park;
- Irwin Park;
- Pier 10/11;
- DOT Harbors Division Building;
- Merchant Street Historic District ;
- HECO Downtown Plant and Leslie A. Hicks Building; and
- Six Quonset hut grouping along Dillingham Boulevard.

AR00116749

We will be providing more specific reasons for our determinations and look forward to continued consultation in the historic preservation review process.

Thank you for the opportunity to comment. Should you have any additional questions or concerns, please call Susan Tasaki at (808) 692-8015.

Sincerely,

Nancy A. McMahon
Deputy State Historic Preservation Officer
